EDUCATION

Samrat Ashok Rajkiya Engineering college Mirzapur, UP 2024-2028
B.Tech – Information Technology (IT) Mirzapur, UP

TECHNICAL EXPERIENCE

SIH HACKATHON 2025

September 2025

Role – Frontend Developer

- Built Passenger Page using HTML, CSS & JS to show live bus location via Google Maps API.
- Created Driver Dashboard for pre-journey checks and GPS activation, cutting manual effort by 30%.
- Developed Admin Panel to manage drivers, buses & reports, improving data handling by 40%.

PROJECTS

• Room/Flat Finder Website (Frontend) January 2025

Designed a responsive website that allows users to search for rooms or flats based on their preferred location. Built using HTML, CSS, and JavaScript with an intuitive interface. (Back-end planned for future expansion.)

Tech Used: **HTML, CSS, JavaScript, React.**

• Personal Portfolio Website April 2025

Designed personal portfolio website to showcase projects, skills, and contact details with a minimal and responsive design.

Tech Used: **HTML, CSS, JavaScript.**

• LevelSip Website (Frontend) July 2025

Made a modern website interface for a bottle customization platform that accepts design and logo orders from hotels, functions, and individuals. Focused on user-friendly layout and responsive design.

Tech Used: **HTML, CSS, JavaScript, React.**

• Weather Info Web App (API -based) October 2025

build a web application that displays a real-time weather details (temperature, humidity, and conditions) for any city using the OpenweatherMap API. Built with HTML, CSS and JavaScript, featuring a responsive interface and dynamic data update.
